All active MD students are required to be covered by disability insurance throughout medical school. As of 2025, there is a $42 yearly student fee for this purpose that is billed with the tuition invoice. Disability insurance may not be waived. Coverage is provided through AMA Insurance. This coverage provides, among other benefits, disability income benefits of $500 in years one and two, $1,000 in year three, and $1,500 thereafter. If you have questions about disability insurance while in medical school or if you would like information on how to file a claim, contact the School of Medicine's Office of Student Affairs.
