

EMERGENCY RESOURCE LIST FOR SOM ADMINISTRATOR-ON-CALL
(After hours – Nights, weekends, holidays)

PHYSICAL THREATS AND SAFETY

In the case of an emergency, call either 911 or the campus police (412-624-2121). If the emergency occurs on campus, the campus police will probably be able to respond more rapidly. The campus and city police systems are, however, closely connected and a call to one will usually result in a response from the most proximate or from both.

See the websites listed for instructions in the event of such occurrences.

- **Fire.** evacuate building, alert others in immediate danger, pull fire alarm, close doors behind you, remain low if encountering smoke, exit building using stairs

- **Severe weather.** Move to a safe location (interior location, interior hallway, or restroom). Stay away from windows and exterior doors. Remain in shelter until it is safe to leave. Stay away from hazardous materials.

- **Act of violence/active killer situation.** Quickly determine the most reasonable way to protect yourself, evacuate, resist the urge to yell or shout.

- **Bomb threat.** Act quickly, but remain calm and obtain information.
